LUT Color Profiles Guide

USING THE INCLUDED LUT FILES

This pack includes 5 LUT (.cube) color profile files that let you apply the same warm tone grading to your own photos.

INCLUDED LUTS:

1. Warm_Cream.cube — Soft warm cream tones
2. Golden_Hour.cube — Warm golden sunset glow
3. Cozy_Aesthetic.cube — Muted warm aesthetic
4. Film_Warm.cube — Analog film warm tones
5. Creator_Vibe.cube — Balanced warm creator look

HOW TO USE IN LIGHTROOM:

1. Open Lightroom and select your photo
2. Go to Develop > Profile > Browse Profiles
3. Click + and select Import Profile
4. Select the .cube file from this pack
5. Apply the profile and adjust intensity

HOW TO USE IN PREMIERE PRO:

1. Open Premiere Pro and import your footage
2. Go to Effects > Lumetri Color
3. Under Creative, click Input LUT > Browse
4. Select the .cube file from this pack

HOW TO USE IN DAVINCI RESOLVE:

1. Open DaVinci Resolve and go to Color page
2. Right-click a clip > LUT > Browse
3. Select the .cube file from this pack

Commercial License

ROYALTY-FREE COMMERCIAL LICENSE

This license grants you lifetime, royalty-free commercial use of all 25 photographs in this pack.

PERMITTED USES:

- Website backgrounds and banners
- Social media posts and advertisements
- Print materials (flyers, brochures, business cards)
- Product packaging and labels
- Blog post headers and email marketing
- Presentation slides and video thumbnails

PROHIBITED USES:

- Reselling or redistributing photos as standalone files
- Including in other stock photo packs or marketplaces
- Claiming authorship of the photographs
